

UTUMPORN SAENGMUEANG

SOFTWARE ENGINEERING

I graduated from Mae Fah Luang University with a degree in Software Engineering. I was an intern as a UX/UI Designer. I am currently looking for an opportunity to apply my technical knowledge and design skills to real-world projects, while continuing to learn and grow as part of a collaborative and innovative team.

PROJECT

- **MAE CHAN HOSPITAL PROJECT** Jan 2024 - Nov 2024
Website designer & Develop
Design a website for hospital administrators to track the work of hospital staff and display information about each person's daily tasks.
- **KAOMAI PROJECT** Jan 2022 - Apr 2022
Application designer & Develop
Designed and developed the frontend of a mobile application for selling trees using React Native. Implemented a responsive design and user-friendly features to enhance the user experience.
- **ISUZU PROJECT** Aug 2021 - Nov 2021
Website designer & Develop
Design a website for employees and technicians to track the work from the first step to the last step.

EXPERIENCE

- **SUPER COCONUT** Jan 2025 - Apr 2025
Internship UX/UI Designer
Design and improve the UI of websites and applications, including analyzing user-friendly and user interface aspects to guide the design and enhancement process. Conduct UI testing by having individuals who have never used the product try it out to collect feedback and use the insights to refine the design.
- **7-ELEVEN (PART-TIME)** Dec 2023 - Jan 2024
All rounder
Receive delivered items, stock shelves as specified by the store, prepare drinks, sell products, handle transactions, and maintain cleanliness.
- **MISTER DONUT (PART-TIME)** May 2022 - Jun 2022
All rounder
Arrange products as specified by the company, maintain order in the store, sell products, and process payments.
